THE BEST QUALITY CARE FOR YOUR NEEDS IN THE COMFORT OF YOUR HOME

Omni Home Health Care is committed to plan, coordinate and provide the very best home health care in the privacy of your home.

Our highly-skilled professional staff coordinates with your doctor for optimal care and treatment results.

We strive to give patients the opportunity to live and enjoy a healthy, meaningful and active life.

Omni Home Health Care, Inc. provides home health care services to all qualifying individuals regardless of race, color, religion, nationality, disability, sexual orientation or age.

OMNI HOME HEALTH CARE SERVICES:

SKILLED NURSING

Licensed nurse assesses and monitors patients' health care needs, educates patients/caregivers and collaborates with physicians to promote continuity of care.

PHYSICAL THERAPY

Licensed therapist helps patients regain functional mobility and gross motor skills through graded therapeutic exercises, balance activities and ambulation training.

OCCUPATIONAL THERAPY

Licensed therapist helps patients regain daily living skills with the use of cognitive, perceptual, fine motor and sensory exercises.

MEDICAL SOCIAL WORK

Medical Social Worker evaluates social and emotional factors affecting the patient and connects patients/families with necessary community resources.

HOME HEALTH AIDE

HHA assists patients with ADLs/personal care. Works under direct supervision of an RN.

REGISTERED DIETITIAN

RD is responsible to provide an evaluation, consultation and instruction regarding appropriate nutrition for clients. Dietitian also can recommend special nutritional interventions to the physician's Plan of Care in meeting therapeutic needs of the patient.
